- Noise
 Traffic
 Visual
 Effects on land use
 Effects on flora and fauna
 Health impacts
 No concerns
 Other (Please specify)

JEREMIAH WIND FARM

In your opinion what are the key landscape features in the area?

(Note: these can include natural features such as a distinct mountain peak, or cultural features such as an iconic church)

What are the best lookouts / public viewing locations within the study area and its surrounds?

(If you have a visitor, where do you take them to showcase your local area?)

What do you value about the existing natural and built environment?

What concerns do you have (if any) in relation to how the Project might impact on the current aesthetic value and amenity?

Additional comments and/or concerns:

Thank you for your participation!
