Subject: Traffic Management Plan for Ungula Wind Farm (SSD 6687-PA-6)

Dear Ms Cross

I refer to your submission requesting review and approval of the Traffic Management Plan (rev 3, 30 June 2022) for the Ungula Wind Farm (SSD 6687).

I note the Traffic Management Plan:

- has been prepared in consultation with Transport for NSW and Dubbo Regional Council; and
- contains the information required by the Development Consent (noting the below).

As nominee of the Planning Secretary, I conditionally approve the Traffic Management Plan (rev 3, 30 June 2022) under Condition B33 of Schedule 2, noting that the Traffic Management Plan must be updated:

- prior to the use of the over-dimensional route by over-dimensional vehicles, as described in condition B27 of Schedule 2;
- if a shuttle bus service is to be established during the construction phase of the development;
- prior to carrying out any upgrading or decommissioning on site to detail the extent and scope of the pre and post upgrading or decommissioning phase dilapidation surveys; and
- as required in accordance with the Development Consent.

You are reminded that if there is any inconsistency between the approved document and the Development Consent, then the requirements of the Development Consent prevail.

Please ensure you make the document and this approval letter publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Natasha Homsey on 02 8275 1264 or at [natasha.homsey@planning.nsw.gov.au](mailto:natasha.homsey@planning.nsw.gov.au).

Yours sincerely

Iwan Davies  
A/Director  
Energy Assessments  
As nominee of the Planning Secretary
